

**Michelle Flynn**

Head of Services & Security, US & Canada, Enel North America

Michelle Flynn is Head of Services & Security for the US and Canada at Enel North America where she is responsible for all aspects of facilities management and real estate.

As Head of Services and Security for Enel North America, Ms. Flynn manages processes for security, crisis management, property tax, land leases and fleet management, travel and expense for all Enel Holdings in North America.

For over 20 years, Ms. Flynn worked in office services and facilities management roles at Enel North America where she oversaw the management of over \$41 million in land leases and the planning and execution of a 65,000 square feet buildout of new headquarters and workforce relocation. She was recognized for super service, project support, and awarded the national Group Citizen and the Gigawatt Award.

Ms. Flynn received her Certified Payroll Professional among other business courses from Northeastern University. She completed all coursework for Certified Facility Manager (CFM) accreditation at Boston University.

She has a black belt in martial arts and six children.
