## PEDRO JOSÉ CAÑAMERO GONZÁLEZ

*I think that this appreciation of data increases the ability to ask the right questions to make sure the businesses are going in the right direction.*

*Results oriented - I perform best in occupations where the work requires lots of action, quick thinking and tenacious follow-through to achieve clearly defined objectives in this fast-changing world.*

*I believe that overall, what makes the difference is how you create and lead the working team, making them grow in their strengths and values through active listening and responsibility”*
